Secondary School

PROFILE

As an enthusiastic and evolving Front-end Developer. I am actively seeking opportunities to contribute my skills and creativity to a collaborative development team. I am particularly interested in joining a team where I can leverage my current project experience to craft intuitive and visually appealing user interfaces, while continuously expanding my skill set in the field of Front-end development with a strong foundation in REACT and JAVASCRIPT.

PROJECT

PORTFOLIO

<https://dharanidhar-portfolio>

- ✓ My portfolio represents who I am, and it showcases all of my projects. You can explore my projects through my portfolio.
- ✓ Creating my portfolio, I learned to manage React components and implement functionality using JavaScript. Furthermore, I gained a deeper understanding of state management and hooks, specifically using the useState hook for animating changes.
- ✓ I used plain CSS (Vanilla CSS) for styling my portfolio because I wanted to further enhance my CSS skills and build a strong foundation in this area and implemented a feature for sending messages.
- ✓ I ensured that it is fully responsive. This project has helped me acquire the skills necessary to create a responsive portfolio.

E-COMMERCE

<https://ddshopper.netlify.app>

- ✓ Developed a responsive e-commerce platform using React.js, ensuring a seamless user experience.
- ✓ Implemented React Router for efficient navigation and React Hooks for optimized state management.
- ✓ Designed a modern UI with CSS, featuring category-based filtering and dynamic product listings.
- ✓ Deployed the website for cross-device compatibility, improving accessibility and performance.
